Subject: ***Important*** Ottawa Truck Demonstration Ops plans approval process

Unclassified

Sent on Behalf of Insp. Rob Bernier:

URGENT AND IMPORTANT

We are trying to gain some structure and order in our Operational plan approval process.

All plans for approval are to be sent ASAP to Paula Armstrong and Mark Patterson.

ALL plans need to be submitted for review and approval by the Event Commander (Supt Mark Patterson). The Document Coordinator for this event is Paula Armstrong and is tracking the status of all plans up to final approval. Once final approval is obtained by the Event Commander, SCC Staffing and logistics can action your requests related to your plan.

We are still missing a lot of plans. Please ensure you receive your own sectional and CofC approvals prior to submission to the Event Commander.

Please understand that there a lot of demands coming in which may not all be accommodated. Be prepared with contingency plans.

Please pass this message on to your teams working on plans.

Thanks

Insp. Robert Bernier
